It's Good to Be a Boy

A Celebration of All That God
Made You to Be

Do you know something?

I love having a boy!

Do you know why?

Because boys are special and
they have a special job!

What do you mean?

Let me show you...

In the beginning, God made
everything. He was a worker.

He made the world.

He made a garden.

And he made Adam to take
care of the garden.

This first man was a gardener—he worked to make things grow.

And Adam was also a guard—he worked to keep things safe.

Our God made boys for working hard,
For growing life and keeping guard.
High-five, praise God, and shout for joy
Because it's good to be a boy!
